MATERIAS

Acetylcholine, vascular effect after reserpine	260
Adrenal cortex modifications by cold	197
Adrenalectomy, sodium distribution	260

Adrenalectomy, vaginal threshold	260
Alcalose, reponses respiratoires	241
Aldehyde dehydrogenases, metal binding agents	260
Amphotericin on <i>Trypanosoma cruzi</i>	198
Amylase and glycemia in toad	152
Amylasemia, toad	152
Angiotensin	23
Angiotensin, estimation in Blood	64
Antitetanic and antidiptiflheria vaccine	152
Arginasa, sangre e hígado, CCl ₄	159
Ascorbic acid, on chicken atherosclerosis	168
Atherosclerosis, effect ascorbic acid	168
Auriculoventricular, node	168
Bradykinin	23
Braun Menéndez, E. (In memoriam)	1
Braun Menéndez, E. (In memoriam)	3
Blood clotting, gonads	143
Chicken, atherosclerosis	168
Chromosomes in man	147
<i>Ciona intestinalis</i> reproduction, citology	198
Cold, adrenal cortex modification	197
Cold, resistance, thyroid	194
Condicionada, respuesta, drogas psicotrópicas	122
Conditioned, reflex hypoglycemia	153
Connective tissue, fluorescent serum protein	194
Connective tissue, postnatal development	151
Coronaria, reflejo depresor	114
Coronarias, flujo medio	228
Coronary flow, cardiac activity	205
Coronary reactions, vasoactive factors	217
Corticoides urinarios, conjugación	135
Corticoids, excretion water Na, K	150
Decortication, hair growth	17
DPNH-oxidase and succinoxidase, stilboestrol	196
Dexamethasone, diabetogenic and antidiabetogenic	195
Diabetogenic and antidiabetogenic action, Triamcinolone, Dexamethasone	195
Diuretic, liver factor	178
Estradiol, ácido ascórbico de glándulas endocrinas	52
Estradiol(vaginal threshold	151
Erythropoietic urine activity in high altitude	197
Gestagens on pregnancy	198
Gestagens on ova segmentation	198
Glucógeno, formación	41
Glucose, output of toad liver	259
Hair, cycle, thyroid and gonads action	171
Hair, growth, decortication	17
Hair, growth, hemidecortication	147
Hematological values in Mendoza	195
Hemidecortication, Hair growth	147
Hemoglobin study in residents at 4515 m above sea level	195
Hemorrhagic fever virus	196
Hemorrhagic, fever virus, identity	150
Hígado, regeneración, glucemia y glucogenolisis	258
High altitude, urine erythropoietic activity	197
Histamine secretion, histaminase	196
Histaminase on histamine gastrica secretion	196
Hypertension, renal, sexual hormones	6
Hypophysectomy, vaginal threshold	260
Hypophysectomy, water retention	258
Hypophysectomized dogs, salivary glands	197
Hypothalamus, hypothermia	31
Hypothermia, hypothalamus and blood pressure	31
Insulin, conditioned hypoglycemia	153
Iodothyroidectomy, toad	194
17-Ketosteroids, titration in urine	149
17-Ketosteroids, in adults urine	149
Kidney, changes po t-nephrectomy	11
Kidney, neurohypophyseal hormones in toad	197
Kidney, urine during perfusion	259
Lactate, oxidation, bacterial	148
Leukemic cells, nucleotides	129
Liver, diuretic factor	178
Liver, glucose release in toad <i>Bufo paracnemis</i>	150
Liver, glucose output	259
Liver, release glucose in toad <i>Bufo arenarum</i>	149
Mendoza, hematological values	195
Neurohypophysis	196
Neurohypophyseal hormones, toad kidney water excretion	197
Neurosecretion, rat trigeminus	150
Notice to authors	93
Nucleotides, leukemic cells	129
Orinase on turtle glycemia	195
Ovario, hipofisí y tumorigenesis	28
Oxytocin in neurohypophysis, influence of sexual hormones	196
Oxytocin, uterus response	201
Páncreas <i>Xenodon merremii</i> , citología	259
Pepsitensin, toad plasma	58
Pregnancy, action of gestagens	198
<i>Phrynosaurus hilarii</i> , orinase	195
